

Classic 7

Office and business park site visit

Classic 7 Business Park is an office complex comprising three approved buildings with an aggregate GLA over 18,000sqm

Date: Monday 10 October 2011

Time: 5pm

Meeting point: Classic 7 Business Park Plaza (near the fountain), Jankovcova 1037/49, Praha 7

Language: In English/Czech

The Business Park: Classic 7 Business Park is an office complex comprising three approved buildings with an aggregate GLA over 18,000sqm. Buildings C and E include reconstruction of buildings from the first half of the 20th century. Buildings F and N2 are brand new buildings, incorporated into the site of the existing buildings. These office buildings, with a total area of 20,000sqm of office space, are adjacent to the relaxation area, often referred to as "the plaza".

The Project site: The project comprises a brand new building L with circa 12,500sqm. The building is a monolithic structure with glass facade. The common ground ("the plaza") will be connected and form an integrated part of the building with an underground parking area. At present, the excavations and sheeting have started. In October, we will be able to visit the site and view the construction phase of vertical monolithic structures around the 2nd underground floor D-walls.
